Professional Summary

Full Stack Developer with solid experience in creating scalable and optimized user interfaces. My career as a Full Stack Developer has provided me with a comprehensive view of the application lifecycle, from the back-end to the final user experience, allowing me to act strategically and analytically. I have a solid knowledge of React.js, React Native, Node.js, TypeScript, PHP, CodeIgniter 3, and SQL.

Highlights:

- Led the implementation of LGPD compliance in corporate platforms, ensuring regulatory compliance and data security.
 - Developed administrative systems to optimize business processes.
 - Created secure storage solutions for sensitive documents and files.
 - Built institutional websites with a focus on accessibility and user experience.
-

Professional Experience

Move Mais TAG de Pedágio
